Report of the Program

On February 27, 2021, the Department of Education and IQAC at Basanti Devi College organized a webinar titled “Research in Education – An Overview.” The event, which was attended by 100 participants, aimed to provide a comprehensive introduction to educational research.

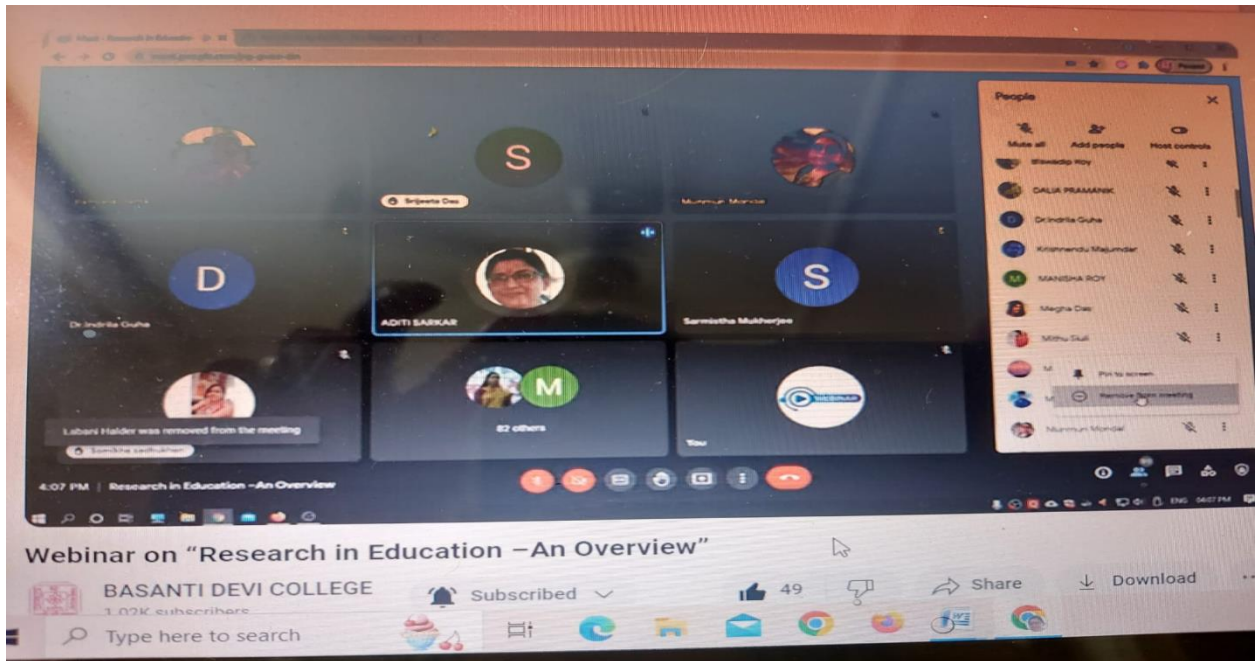

Prof. (Dr.) Bijan Sarkar from the Department of Education at Kalyani University served as the resource person for the webinar. Dr. Sarkar’s presentation offered an in-depth exploration of the fundamental concepts and methodologies in educational research. He discussed various research approaches, including qualitative and quantitative methods, and highlighted the significance of research in improving educational practices and policies.

The webinar was well-received, with participants praising Dr. Sarkar’s clear explanations and engaging delivery. The session successfully equipped attendees with a foundational understanding of research in education, inspiring many to pursue further inquiry in this critical field.
