

29. Webinar on Physics

Name of the Program	Webinar on Physics
Resource Persons	1. Dr. Debolina Das, Asst. Professor, Dept. of Physics, Haldia Govt. Colleg 2. Farha Khatun, Dept. of Physics, Basanti Devi College
Organising Department	Physics & IQAC, Basanti Devi College
Date	30.06.2020
Beneficiaries	45

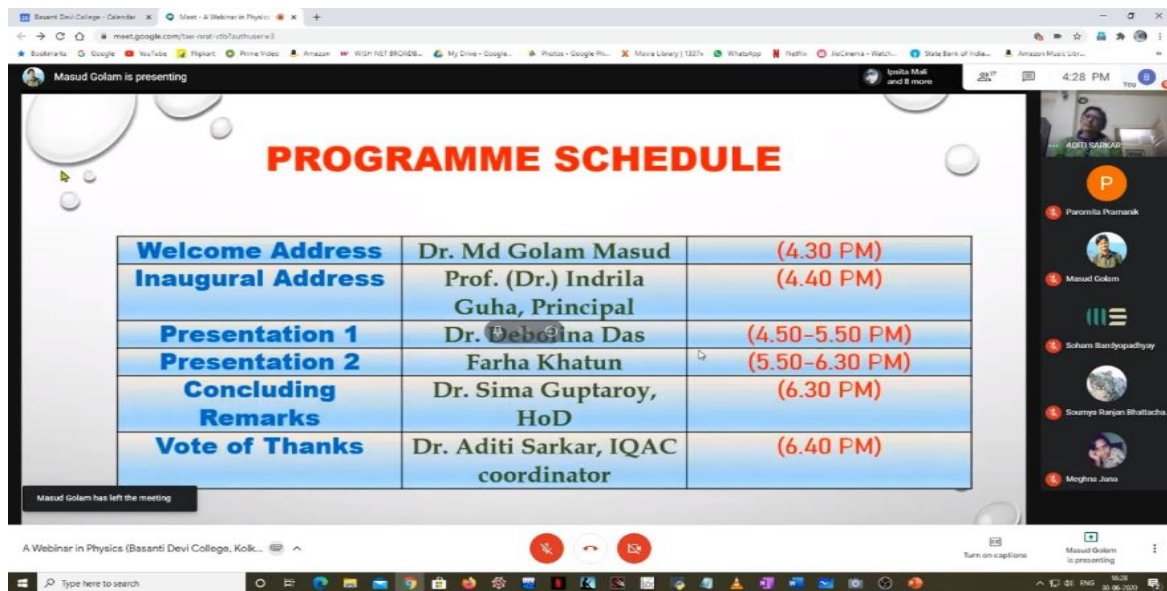

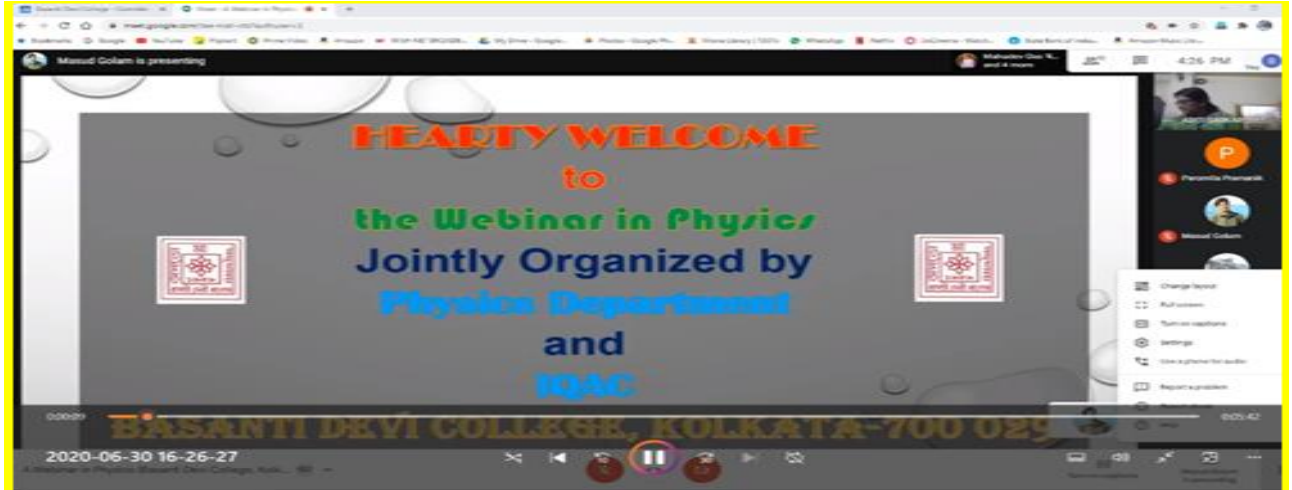

Report of the Program

At present, investigation of clean energy is a very important research topic for the global development and also for our environmental safety. Researchers are highly focused to establish different kind of devices for clean energy (solar, mechanical, chemical etc.) conversion and conservation. Photo-power cell is such type of device capable of both solar energy conversion and also storage. This webinar on Physics was organized by department of Physics, Basanti Devi College, mainly for the students to improve their knowledge in physics applications fields. It will be definitely very helpful for those who are willing to do research in future.

RESOURCE PERSONS

1. Dr. Debolina Das

Asst. Professor (WBES), Haldia Govt
College

TITLE: *What is Light?*

2. Farha Khatun

Guest Teacher, Basanti Devi College

TITLE: *In Situ Synthesized SrF₂/PVDF
Nanocomposite Film Based Photo-power Cell
with Imperious Performance and Stability*

✓ **DATE OF THE
WEBINAR:** 30TH JUNE,
Tuesday

✓ **TIME:** 4.30 PM Onward

✓ PARTICIPANTS ARE
REQUESTED TO INSTALL
GOOGLE MEET IN THEIR
DEVICES
