Report of the Program

This event was actually planned to be a seminar cum workshop slated on 23rd March 2020 , but with the Nation-wide lock down due to COVID -19 attack , we had to postpone the meet and eventually convert it into a webinar , **in fact this was the first webinar to be conducted from Basanti Devi College in collaboration with the U.G. Board of Studies, Chemistry , Calcutta University.** Two internationally renowned resource persons from the department of pharmacy , one from MAKAUT, West Bengal and the other from Emory University Atlanta , USA , delivered talks on **Drug design** and **Fermentation Chemistry** . More than 300 participants joined through google meet platform and for the rest we had to ask them to see the live streaming through you tube. The event was a resounding success as the (Skill enhancement Course) of pharmaceuticals for our CBCS course was much enriched by the materials from this lectures.

Highlights of the Program

Webinar on 'Pharmaceutical Chemistry

Indrila Guha

Dr. Indrila Guha
Principal
Basanti Devi College

Poster/Brochure

4 - 6 PM **6** 2020
Saturday June

WEBINAR

Pharmaceutical Chemistry

(Sec A) of Semester IV
Chemistry Hons. Course

Technical Session I

Topic
Drug Design and Discovery

Dr. C.M. Hossain

Professor
Head of the Department
Pharmaceutical Technology
Maulana Abul Kalam Azad
University of Technology
West Bengal

Technical Session II

Topic
Fermentation Chemistry

Dr. Neeladri Sekhar Roy

Associate Scientist
Emory University
Atlanta, USA

Organized by :
Dept. of Chemistry
Basanti Devi College, Kolkata

Contact Person
Dr. Amrita Mondal
Email : amrita.ju@gmail.com
99030 31214

In Collaboration with :
UG Board of Studies
Calcutta University

Convenor
Dr. Sumana Chatterjee
Email : sumanam2010@gmail.com
62897 81967

Patron : **Dr. Indrila Guha**, Principal, Basanti Devi College
